

RVL

# ROOF MOUNTED VENTILATOR

## Description

Aluminium roof mounted louvred vent designed for smoke and natural ventilation applications. Louvers provide a low profile, shielded design, ideal for exposed sites or those requiring minimum sight lines. Single skin or insulated construction, they may also be fitted with translucent single or double glazed blades to combine daylighting with ventilation.

- Low profile design
- Wide range of standard size options
- Full range of lid & construction options
- Mounting to builders kerb

### Optional accessories:

- Birdguards (1.2mm wire mesh)
- Security guards (16mm diameter mild steel bars)
- Insect mesh (woven aluminium)
- Fusible link shields
