

## COMFORT CONTROL 1-ZONE 3A

## Description

- for 24 VDC window actuators
- 1 comfort ventilation group up to max.3A
- can be combined with external temperature sensor, timer or BMS
- wind/rain sensor can be connected
- multiple devices can be linked to form large groups

The contol unit can be used for operation of 24 VDC window actuators and other electric accessory products (e.g. Venetian blinds) with a total power consumption of max 3A.

The WUC 102 is as standard equipped with an output voltage area of 20-30V.

The control unit has 2 clamp connections for motors as well as 3 signal inputs (A,B,C) for "OPEN/CLOSE" function for sensors (only use potential free switches) and keypads (switches). It is also possible to connect WSK 100 or WUI 110 keypad.

The WUC 102 is fitted with current measurement, which will disconnect the control unit if temporary overloaded.

Input signal is to be potential free.

- ventilation function in 1 group up to max. 3A
- OPEN/CLOSE manually by external ventilation switch
- 3 potentialfree inputs (OPEN/CLOSE) with priority sequence with the possibility of connecting wind/rain sensor, timer, thermostat and keypads.

| Specifications                 |  |
|--------------------------------|--|
| Primry voltage                 | 230V AC ±10%, 300VA, 50Hz  |
| Inrush current on primary side | max. 10A < 10msec  |
| Secondary voltage              | low: 17-27V DC<br>high: 20-30V DC (standard)<br>max. current: ±24V DC / 3A |
| Standby consumption            | 3W at 230V   |
| Ripple at full load            | 10% (2Vpp)   |
| Open circuit                   | 30V at 53V   |
| Operating condition            | -5°C - +45C°, for indoor installation, the control unit may not be covered |
| Switch on duration             | ED 40% (max. 2 min. per 5min.)   |
| Output fuse                    | 6.3 AT   |

## WUC102 COMFORT CONTROL 1-ZONE 3A

| Specifications (continued) |   |
|----------------------------|---|
| Material                   | polycarbonate, fire retardant according to UL 94-5V                               |
| Colour                     | white (NCS 1000)  |
| Size                       | 180 x 110 x 70mm (W x H x D)  |
| Weight                     | 1.4kg   |
| Pritection type            | IP20  |
| Delivery                   | control unit with 1.2m cable and standard plug for connection to the mains supply |
| Note                       | we reserve the right to make technical changes                                    |

| ltems   | ltem no.     |
|---|--------------|
| UniControl control unit                       | WUC 102 0103 |
| UniControl control unit (UK version, 240V AC) | WUC 102 0403 |

| Accessories   | ltem no.     |
|---|--------------|
| UniControl operating keypad   | WUI 110 0102 |
| Ventilation push-button, flush mounting                                 | WSK 100 1161 |
| Room thermostat   | WLA 110      |
| Timer 230V AC (wall mounting surround WLA 122 to be ordered separately) | WLA 120      |
| Wind/rain sensor  | WLA 330      |
| Rain sensor   | WLA 331      |
